CIScode Installation (DE)

Auf der Internetseite

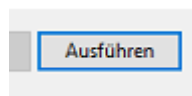

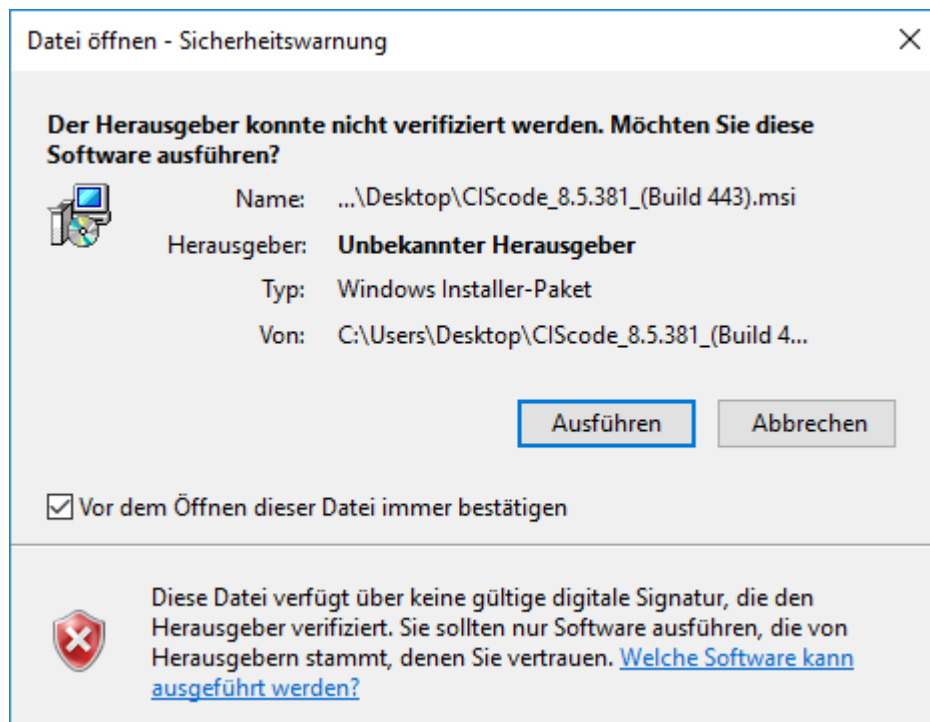

<https://www.ifad.de/downloads>

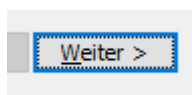

steht CIScode als Installationsdatei zum Download zur Verfügung:

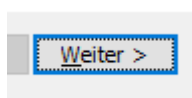

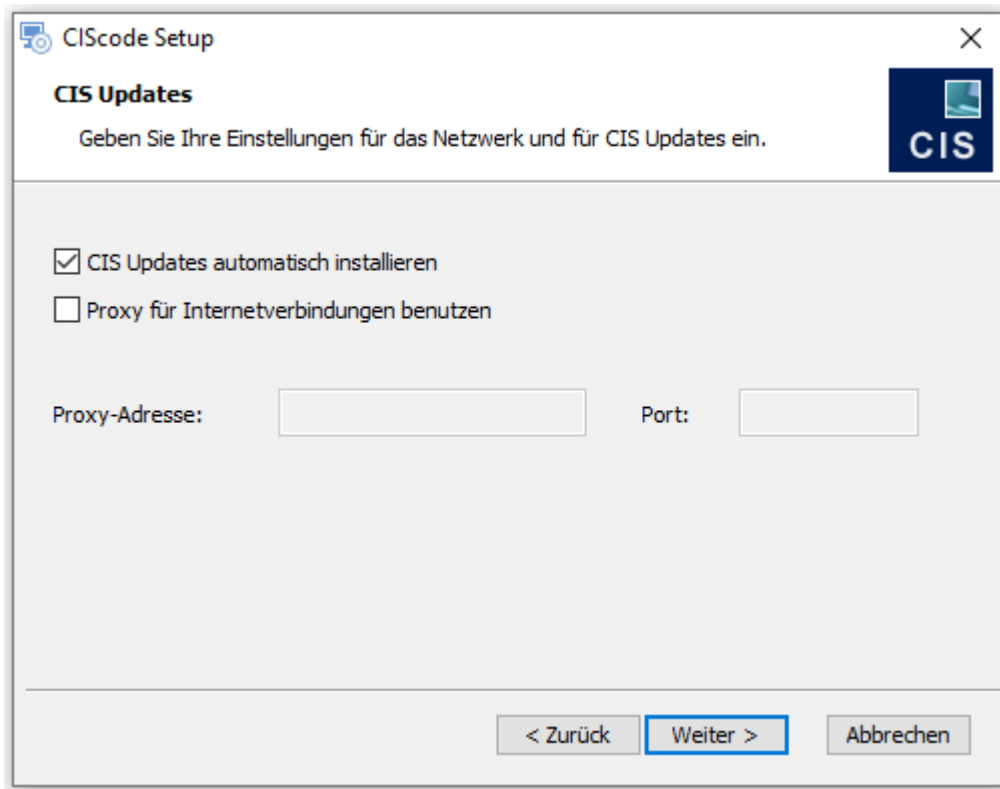

- **Installation**

1. Installationsdatei herunterladen
2. Installationsdatei ausführen

The screenshot shows a window titled "CIScode Setup" with a close button (X) in the top right corner. Below the title bar, the section is labeled "CIS Updates" with a CIS logo. The instruction reads: "Geben Sie Ihre Einstellungen für das Netzwerk und für CIS Updates ein." (Enter your settings for the network and for CIS Updates).

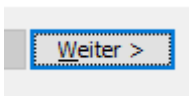

There are two checkboxes:

- ☒ CIS Updates automatisch installieren
- ☐ Proxy für Internetverbindungen benutzen

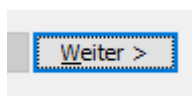

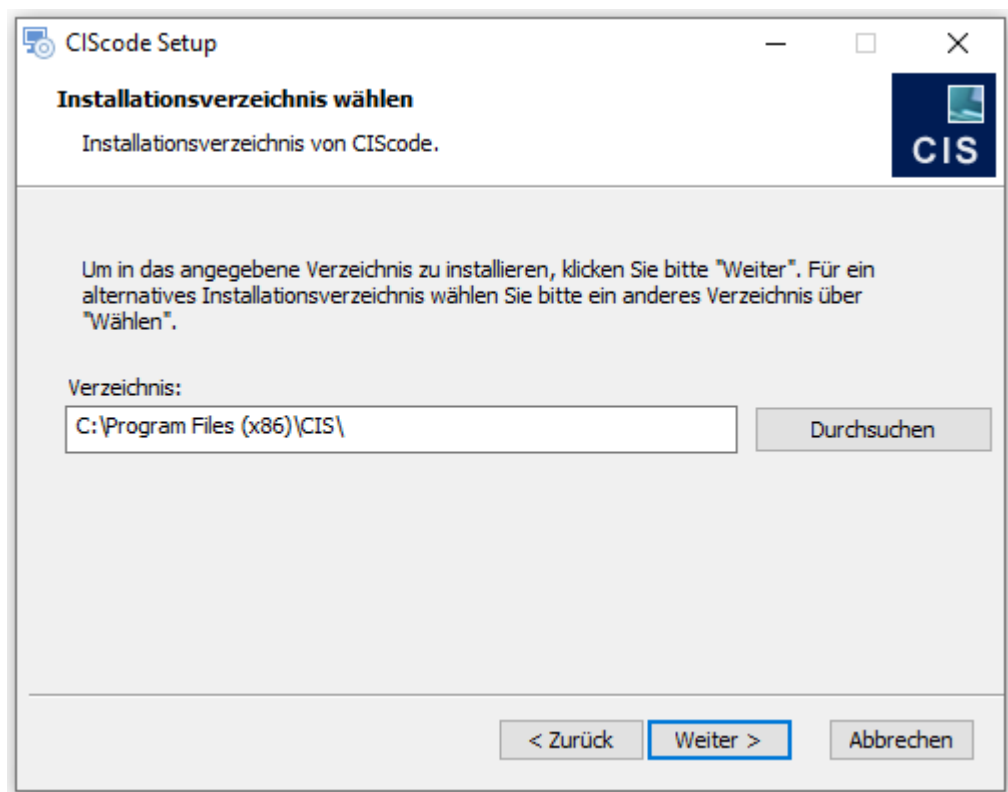

Below the checkboxes, there are two input fields:

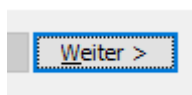

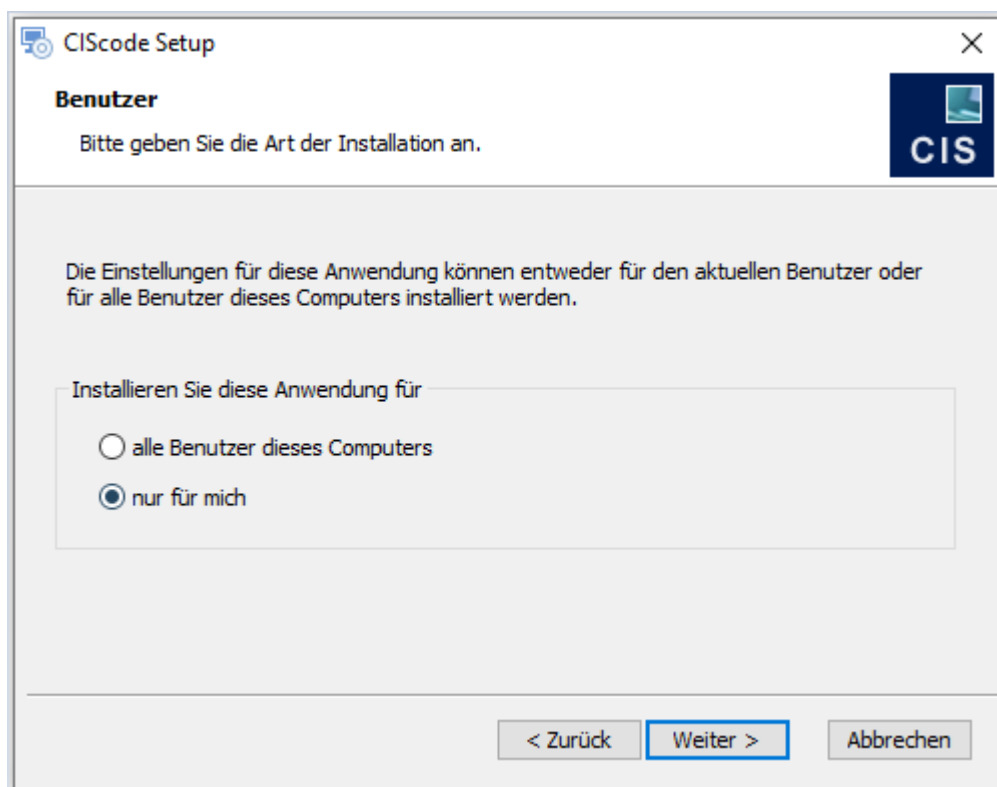

Proxy-Adresse: Port:

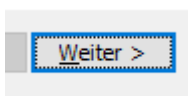

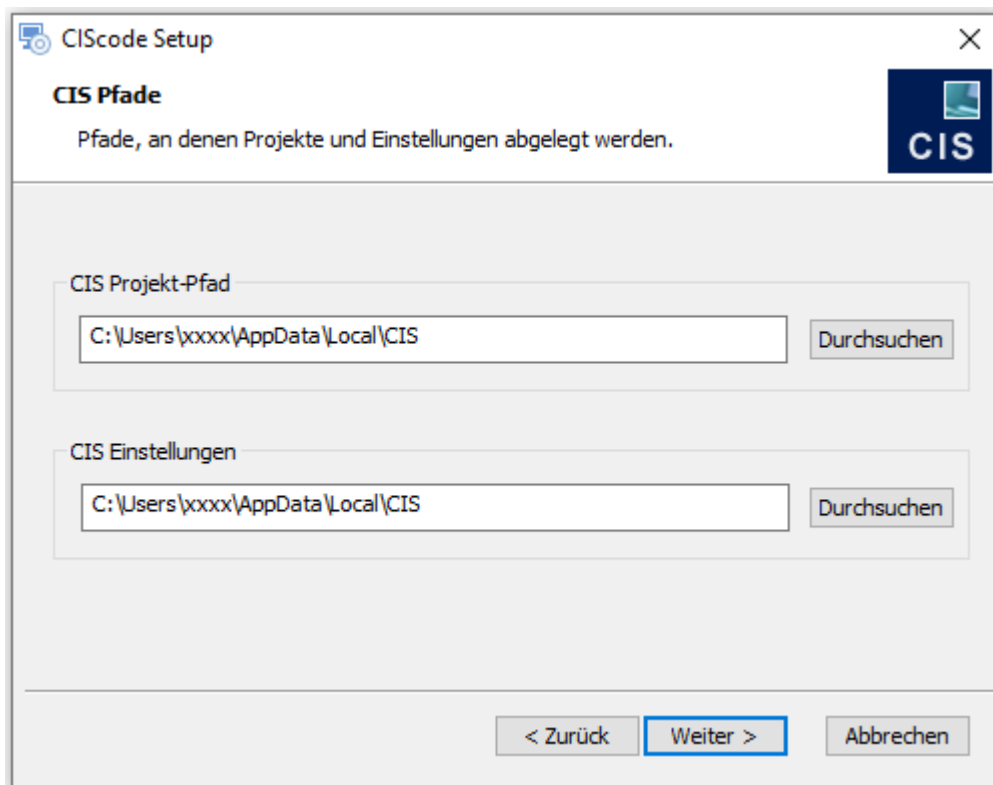

At the bottom right, there are three buttons: "< Zurück", "Weiter >" (highlighted with a blue border), and "Abbrechen".

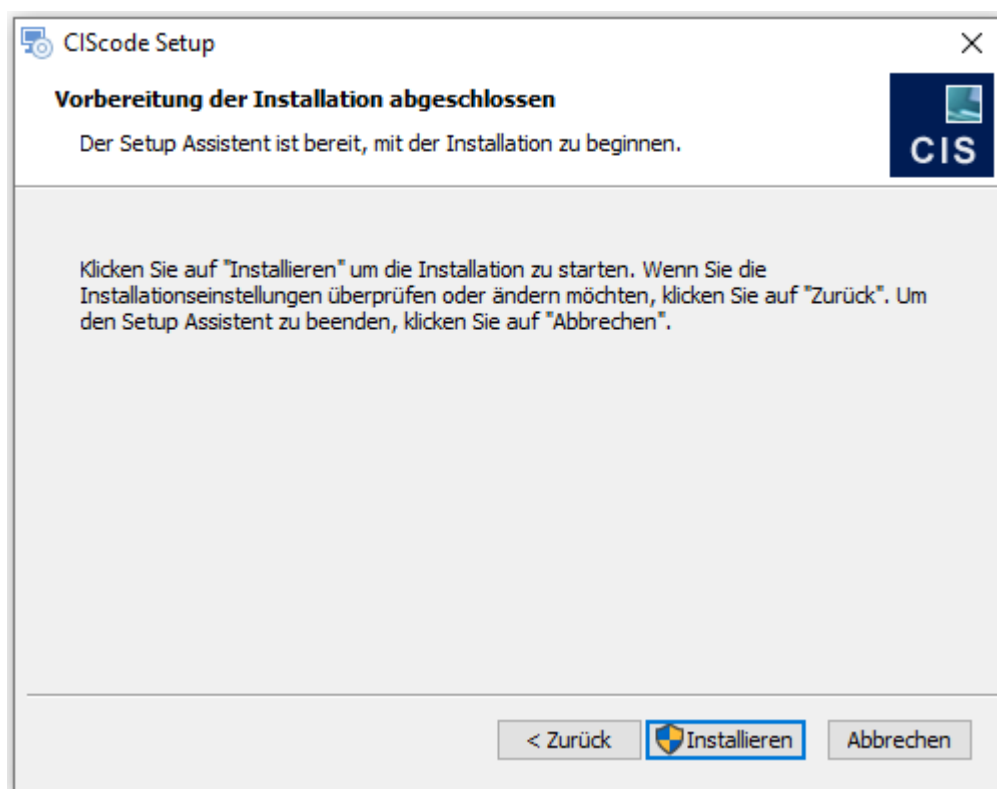

A close-up of the "Weiter >" button, which is highlighted with a blue border.
